4-H CLUBS

I have been meeting the past few days with Coffee County 4-H Club members helping to get the 4-H program under way for this school year. It is a real pleasure for me to work with our young people in the County in this important program. We have been giving 4-H Club officers intensive training on their duties.

Virginia Sanders and Sara Hutchinson are giving the demonstration this month on record book keeping.

4-H Beef Calves

Several boys and girls have calves on feed for the show next spring, and others will get calves within a few weeks. All Britts and Hols, of course, are interested in purebred calves on feed. Carl Sanders of New Hope, Jerry Lamb and Sammy Hutto of New Brockton, along with Susan Bryan of Elba, and Ray Matthews, of Goodman, will get calves shortly. If you are interested in this project, contact some of the 4-H Club Home Agents or Office and we will be glad to help you.

PEANUT PROJECTS
Mike Farris of Route 1, Kingston, sent his 4-H Club Peanut Project report to me a few days ago and Mike made an average of 2004 lbs. per acre on 5 acres. Carl Sanders of New Hope sent his report in also and Carl reports 2520 lbs. per acre on a little less than 3 acres. Several other 4-H Club boys have harvested their peanuts and we will give some of their reports a little later.

CORN CONTESTS
O. J. Cunningham, of the Enterprise Chamber of Commerce and I will give a complete report on the Coffee County More-Corn-Per-Acre Contest a little later.

Many homemakers ask questions concerning scratches on non-stick utensils. These non-stick coatings may be scratched but does not ruin the pan or make it dangerous to use. A disadvantage would be that food may stick where the finish has been removed. Also a point worth mentioning is that the coating may discolor after long use or misuse. The stain does not affect the cooking performance.

NON-STICK UTENSILS
You can clean Teflon by using 1/2 cup bleach and 2 tablespoons soda, wash afterwards with warm soapy water. Be sure to restore the non-stick finish. Except for the tube cake pan, it is suggested that all non-stick utensils should be conditioned the first time they are used by wiping with cooking oil or shortening. An occasional oiling thereafter will improve the non-stick finish.

EAT FRESH APPLES
Bite into an apple, taste good? Try a big wedge of still-hot apple pie, maybe with a scoop of ice cream. Good too, isn't it? Dig into a spiced and sauced baked apple. Maybe the best of all, huh?

All this is to say that apples are mighty good eating.

And now is the time to enjoy plenty of them—during harvest time.

Though apples are available the year-round, they are most abundant from now until December.

And probably the most familiar—and best—apple now hitting the market is the Red Delicious variety.

This is the big red beauty the excitable as soon as the committee have finished checking the month on record book keeping.

knob-like points on the blossom end.

"When it comes to eating out of the hand and making fruit salads, you just can't beat the Red Delicious."

Cooking and baking varieties such as Jonathan, McIntosh, Stayman and Wealthy are also moving into grocery stores.

"In buying apples, keep in mind what you're going to use them for. For eating, fresh apples should be ripe. For sauce or pie, apples that are not quite ripe are often preferred."

Study bag labels when buying apples. They have information such as whole-sale grade, variety, weight of package and size on them.

Grades run from U.S. Extra Fancy (the top grade), U.S. Fancy, U.S. LIGHT

No. 1 to U.S. Utility. These are based on maturity, color, cleanliness, shape and freedom from injury.

What makes a good lamp? A good lamp will have bulbs located low in the shade. It will have an undershade device to diffuse the light and a broad, whitelined shade opening at the top.

How many lamps do you need for the area? For every 40 to 50 square feet of floor space, you will need one lamp.

Watch "the housewife pushing a grocery cart. She'll look at big cans, study the economy sizes and figure with her pencil as she zealously tries to save pennies.

But watch her in her favorite dress shop. Chances are she'll still study prices and do some figuring—and then tell the clerk, "Charge it."

"Here is where most of us forget our money saving," says Elizabeth Bryan, Auburn University home economist. "We simply don't know how much we're paying for

"I'd venture to say," adds the Extension specialist, "that few folks really understand any interest rates except simple ones—like the ones on a simple interest basis."

Instead, it's usually figured on a monthly, add-on or discounted basis.

Stores and small loan companies often quote interest rates at one and one-half to three and one-half percent per month. This week for the outstanding work it has done with children.

The pennies, nickels or dimes donated will go to the participating countries on a matching basis; therefore, only those willing to help themselves will get the money.

The road system in Coffee County will get 23 miles of smoother riding surfaces, according to the State Highway Department's report of its October 15 contract letting.

This extensive resurfacing project on roads throughout the county brought in a low bid of \$349,000 from Green Construction Company of Union Springs.

Highway officials said the entire October letting totaled \$10.5 million for 24 projects in 21 counties.

Westside Baptist Church, of Elba, will observe "Victory Sunday" on October 31st. High attendance goals have been set for Sunday School and Training Sunday and the church will be seeking to reach a financial goal of \$1,200 dollars, to be paid on the church debt.

Westside Baptist Church has successfully won victories on each "Victory Sunday" for the past seven years. The observance of this Victory Sunday will mark the beginning of the eighth year. Lunch will be served at the church in the Social Hall. Everyone is invited to come and enjoy this period of fellowship.

There will be a Halloween Costume Dance at the Country Club on Saturday night, October 30th, from 9:00 P.M. until 1:00 A.M. This event is for club members and their out-of-town guests.

An orchestra from Port Rucker will furnish the music for dancing.

THREE TROY MAJORETTES who are all former high schoolers of the Elba Tiger Band are from left: Foyce Ann Bowdoin, daughter of Mr. and Mrs. Foy Bowdoin; Carol Proctor, daughter of Mr. and Mrs. C. T. Proctor; and Cheryl Clark, daughter of Doctor and Mrs.

James Clark. Cheryl is a sophomore and Foyce Ann and Carol are freshmen. These young ladies all made their mark in Elba by winning first place in various beauty contests during their high school days.

Claims 23 From Elba

Twenty three students from Elba have enrolled at the new Enterprise Junior College.

President B. A. Forrester has announced a total enrollment of 256 full time students for the fall quarter. The largest number, 120, live in Coffee County, he said, and the second largest number, 44, in Geneva County.

The students from Elba are Sara E. Adams, Marilyn Arnold, Terry David Carley, Brian Thomas Corley, Roy Frank Cox, Shirley June Crocker, Janet Bari Hazen, Dwight Drexel Johnson, Earnestine Frances Kelley, George Mack Landingham, Jenelle Matthews, Gerald Lee Mauldin, Millie Janice Holley, Franklin Howard Moore, Robert H. McCall, Cecil Dwight Nunn, Robert Elliott Parker, Betty Merle Roberts, Dale Angelyn Smith, Murree Judy Smith,

Seven students have enrolled from New Brockton. They are Peggy S. Bowden, Fred Murry Griffith, John V. Nicholson, Faye Sexton, Katherine Speigner, William Buck Stevens, and Keith Mike Windham.

Kingston claims nine of the new freshmen. They are Ann Jones Patterson, Jesse Wayne Reynolds, C. Lloyd Rogers, Amelia Sue Sessions, Melvin Diane Manning, and Linda Mary Wood.

Three Coffee students list Chancellor adresses. They are Jerry Lamar, Rex Holley, and Mike Hutto. Sandra Jane Head is the only student from Jack.

Army Needs

Registered

Nurses

Governor George C. Wallace has issued a proclamation making this week Army Nurse Corps Recruiting Week in Alabama.

In the proclamation the critical shortage of Army Nurse Corps officers was cited and that the situation in Vietnam has created an additional need for professional registered nurses to provide the best possible care for our sick and wounded American military personnel.

Further it was stated that the Army Nurse Corps, with the dignity, discipline and professional competence of the Army Nurse, has proven indispensable to our Nation's Army in peacetime and times of national emergency.

Further call for registered nurses, male and female, was issued by the Army Nurse Corps recently. The need brought about by the build up of the Army.

Registered nurses accepted for active duty would be commissioned in the grades of captain, first lieutenant or second lieutenant depending on their education and experience.

Army Recruiters have full details.

COVER CROP
I see a lot of oats and rye and other grazing crops already up to a stand. I am sure that when we get a little rain and some Nitrogen applied as a top dressing that the grass will have a green cover. These crops hold the soil together, and furnish grazing, aside from the fact that

By Mrs. John Foster

Mothers' Club Meets Recently

The Mothers' Club met Monday night, October 18, at the home of Mrs. Lelon Weeks for the regular meeting with Mrs. Curtis Goodin and Mrs. Fred Wood, co-hostesses.

Mrs. T. W. Pierce, vice president, presided. Thirteen members answered roll call.

Mrs. Joseph Saunders and Mrs. Pierce were in charge of the program and used as their subject "Education".

After a short business meeting a social hour followed. Pecan pie and coffee was served by the hostesses.

Fifth Sunday Night Singing

The First Baptist Church will be host to the Fifth Sunday Night Singing beginning at 7 o'clock.

The public is invited to come and join in singing gospel hymns.

Personals

Mrs. W. Hare spent Thursday and Friday in Montgomery with The S.S. Riddle Family and the Jim Milford Family.

Mr. and Mrs. J. C. Anderson were the weekend guests of their daughter, Mrs. Donald Harrison, Mr. Harrison and family.

Mrs. Lorraine Barrow, of Crestview, spent the weekend with her parents, Mr. and Mrs. Pete Scott.

Mrs. Curtis Goodin, Miss Judy Johnson and Mrs. Ben King, Jr. and children, of Santa Rosa, spent the weekend in Montevallo with Mr. and Mrs. Billy Dobson and daughter.

Mr. and Mrs. Roy Seay and family, of Jacksonville, and Mr. and Mrs. Pois An-

Fire Can Be Real Halloween Spook

They'll come in all shapes, sizes and forms. Some will be squeaky-voiced ghosts swathed in sheets, others will be not-so-evil-looking witches, while still others will be pirates and bandits lugging pillow cases laden with "treasures."

"Unfortunately," say Auburn University Extension specialists, "a few of these pint-sized hobgoblins won't return from their foray because of tragic accidents."

This is why the specialists are urging parents to keep the following precautions in mind as they ready their youngsters for Hal-

loween:

1. Use a flashlight—never a candle—to light the pumpkin which the children carry.
2. Stay away from flimsy materials, baggy sleeves and billowing skirts when buying or making costumes—the smallest spark or flame can set them afire.
3. Avoid wigs and masks with fibrous "hair" since they are potential fire hazards. You should also choose light-colored costumes, since they are much easier to see at night by motorists.
4. Be sure children understand they must stay well away from any flame, including bonfires, burning leaves, etc.
5. Make certain that smaller children are under the competent care and close watch of a responsible person at all times!

The college is entering its second year as a state-supported institution.
